

# OzDemographics

Navigating the Life Course with Demography

## Synopsis of our Educational Courses

Each Course contains 5 to 10 Topics. Topics content comprises short videos (3-7 minutes), concise text, links to exercises, data sources, longer articles and research papers. Videos are edited from a range of social scientists around the world. Courses may be individually selected as participants choose. The Categories form a logical progression from foundation knowledge to applied environments. Enquiries to [registrar@ozdemographics.com.au](mailto:registrar@ozdemographics.com.au)
